

Nourishing our future: young people's potential to shape sustainable food environments

Tuesday December 6, 10:00 am JST

Please join us for a 90-minute hybrid event, **Nourishing our future: young people's potential to shape sustainable food environments** on **Tuesday December 6**, from **10:00 am - 11:30 am JST**.

This event will bring together leading young advocates, scientists and thought leaders to discuss the implications of the [Lancet Series on Adolescent Nutrition](#), and the multi-sectoral actions required (including young people's involvement) to enable effective policy and programmatic responses for sustainable food environments.

EVENT BACKGROUND

This is an official side event of the 22nd [International Congress of Nutrition](#) (ICN) scheduled in Tokyo, Japan from December 6th-11th, 2022.

The free event will be held in-person at the Tokyo International Forum, [Room G701](#) and online. For online attendance please register via <https://bit.ly/iunsyouth>.
